

AFFLUENTIAL WEALTHLENS™ 2024-25

Your Guide To High & Ultra High Net Worth Individuals

- A strategic insights study to understand HNWIs and UHNWIs insurance, banking and wealth management opportunities, identify and profile this core audience, their financial behavior & needs, to optimize your marketing strategies
- Measure and track how the evolution of consumer confidence is shaping their insurance and wealth management decisions
- Benchmark your brand against competition with the WealthLens™ Affinity Ranking
- Designed for senior management and c-suite of insurance firms, the report covers 13 International markets and thousands of HNW and UHNW individuals

TOPIC AREAS

- 1.Financial Behavior and Advisory Services: Assessing their financial savviness, risk profile, financial goals, and the use of financial advisors. This includes understanding why they choose to use or not use advisors and how they approach investing.
- **2.Wealth Allocation**: Exploring how they distribute their wealth across different investments and whether their strategies have changes due to micro-economic and geo-political trends.
- 3.Relationship with Financial Service Providers: Investigating whether they are considering changing their financial service providers, and if so, why. This also covers what factors they prioritize when selecting a new financial brand.
- 4.Engagement and Acquisition Strategies: Identifying effective ways to engage and reach this coveted segment, including uncovering hidden touchpoints and media channels. This also encompasses strategies for acquiring key customer segments.
- **5.Product Usage and Service Preferences**: Examining the types of wealth management products they possess, how frequently they review their portfolios, and their preferences between digital and face-to-face servicing.
- **6.Research and Investment Trends**: Analyzing how they research new financial products and services, their interest in sustainable/ESG investments, and their involvement in alternative or niche investment assets.
